AND
REVITALIZE!**

What is NY Forward?

This spring, Coxsackie was awarded a \$4.5 million NY Forward grant! NY Forward is a new program that supports vibrant and walkable downtowns. Healthy downtowns catalyze sustainable economic development that brings economic, social, and environmental benefits.

What's next?

Between now and the fall, a Local Planning Committee (LPC) will develop a Strategic Investment Plan to revitalize Coxsackie's Reed Street Historic District. The LPC will work with state partners and a project team to identify a short list of shovel-ready projects, with input from the community. The state will select the final list of grant awardees from this list.

How can I get involved?

Visit www.coxsackienyf.com to learn more, and to follow our progress. There you will learn how you can:

- 1) Attend our LPC meetings, public workshops, and other local events
- 2) Submit your shovel-ready project proposals to our Open Call for Projects
- 3) Look at and help evaluate projects proposed by others (starting in August)

Questions? Feel free to contact us at coxsackienyf@gmail.com.
